The main blot on the i10's report card is the crude and clunky five-gear automated manual transmission - a replacement for the traditional auto gearbox used in the old model. You're better off sticking to the manual. Standard equipment levels are very good and there are no basic models in the line-up.

Review: Hyundai i10 (2020) | Honest John

A failing water pump can cause a grinding noise and be a sign that the alternator is on the way out. The engine making a sound on running at a low RPM is one of the most common complaints made about used Hyundai i10s. Headlight Adjustments. A used Hyundai i10 may also have glitches with the headlight adjustment not working at all. This is due ...
