Automotive Engineering Degrees Bachelor's Degree. Because not many schools offer a bachelor's degree program in automotive engineering, most aspiring automotive students enter a mechanical engineering program. This is because automotive engineering is an offshoot of mechanical engineering and therefore, many of the classes are the same.

Lola Cars International Ltd. was a British race car engineering company in operation from 1958 to 2012. The company was founded by Eric Broadley in Huntingdon, England, and endured for more than fifty years to become one of the oldest and largest manufacturers of racing cars in the world. Lola Cars started by building small front-engined sports cars, and branched out into Formula Junior cars before diversifying into a wider range of sporting vehicles. Lola was acquired by Martin Birrane in 1998
