For more than 30 years, legendary music photographer Neil Zlozower has shot a who's-who of rock and metal titans. When the session demands, Neil has been known to yell, "Give me some fucking attitude!" The go-to gesture in the next photo frame is nearly always the rocker giving Neil the finger. Fück Yöu assembles a veritable R 'n' R hall of fame of musicians flipping the bird a playful parade of obscenity and a celebration of pure rock attitude. Here and telling the world to fuck off are Slash, Eddie Van Halen, Judas Priest, Slipknot, Ratt, Motley Crue, Aerosmith, Ozzy Osbourne, Korn, Bon Jovi, Slayer, Anthrax, and many more, sharing the love with each flying finger.

A long-awaited memoir from the larger-than-life, multifaceted lead vocalist of Iron Maiden, one of the most successful, influential and enduring rock bands ever. Pioneers of Britain ' s nascent Rock & Metal scene back in the late 1970s, Iron Maiden smashed its way to the top, thanks in no small part to the high-octane performances, operatic singing style, and stage presence of its second, but twice-longest-serving, lead singer, Bruce Dickinson. As Iron Maiden ' s front man—first from 1981 to 1993, and then from 1999 to the present—Dickinson has been, and remains, a man of legend. But OTT front man is just one of the many hats Bruce wears. In addition to being one of the world ' s most storied and well-respected singers and songwriters, he is an airline captain, aviation entrepreneur, motivational speaker, beer brewer, novelist, radio presenter, and film scriptwriter. He has also competed as a world-class level fencer. Often credited as a genuine polymath Bruce, in his own words (and handwritten script in the first instance!), sets forth many personal observations guaranteed to inspire curious souls and hard-core fans alike. Dickinson turns his unbridled creativity, passion, and anarchic

Bold, honest, intelligent and very funny, his memoir is an up-close look inside the life, heart, and mind of one of the most unique and interesting men in the world; a true icon of rock.

What if Darth Vader took an active role in raising his son? What if "Luke, I am your father" was just a stern admonishment from an annoyed dad? In this hilarious and sweet comic reimagining, Darth Vader is a dad like any other—except with all the baggage of being the Dark Lord of the Sith. Celebrated artist Jeffrey Brown's delightful illustrations give classic Star Wars® moments a fresh twist, presenting the trials and joys of parenting through the lens of a galaxy far, far away. Life lessons include lightsaber batting practice, using the Force to raid the cookie jar, Take Your Child to Work Day on the Death Star ("Er, he looks just like you, Lord Vader!"), and the special bond shared between any father and son. Zelie Adebola remembers when the soil of Or sha hummed with magic. Burners ignited flames, Tiders beckoned waves, and Zelie s Reaper mother summoned forth souls. 'My first serious blackout marked the line between sanity and insanity. Though I would have moments of lucidity over the coming days and weeks, I would never again be the same person ...' Susannah Cahalan was a happy, clever, healthy twenty-four-year old. Then one day she woke up in hospital, with no memory of what had happened or how she had got there. Within weeks, she would be transformed into someone unrecognizable, descending into a state of acute psychosis, undergoing rages and convulsions, hallucinating that her father had murdered his wife; that she could control time with her mind. Everything she had taken for granted about her life, and who she was, was wiped out. Brain on Fire is Susannah's story of her terrifying descent into madness and the desperate hunt for a diagnosis, as, after dozens of tests and scans, baffled doctors concluded she should be confined in a psychiatric ward. It is also the story of how one brilliant man, Syria-born Dr Najar, finally proved - using a simple pen and paper - that Susannah's psychotic behaviour was caused by a rare autoimmune disease attacking her brain. His diagnosis of this little-known condition, thought to have been the real cause of devil-possession through history, saved her life, and possibly the lives of many others. Cahalan takes readers inside this newly-discovered disease through the progress of her own harrowing journey, piecing it together using memories, journals, hospital videos and records. Written with passionate honesty and intelligence, Brain on Fire is a searingly personal yet universal book, which asks what happens when your identity is suddenly destroyed, and how you get it back. 'With eagle-eye precision and brutal honesty, Susannah Cahalan turns her journalistic gaze on herself as she bravely looks back on one of the most harrowing and unimaginable experiences one could ever face: the loss of mind, body and self. Brain on Fire is a mesmerizing story' -Mira Bartók, New York Times bestselling author of The Memory Palace Susannah Cahalan is a reporter on the New York Post, and the recipient of the 2010 Silurian Award of Excellence in Journalism for Feature Writing. Her writing has also appeared in the New York Times, and is frequently picked up by the Daily Mail, Gawker, Gothamist, AOL and Yahoo among other news aggregator sites.
