This United States Institute of Peace Press publication argues that building peace requires a comprehensive approach. It provides strategic and practical suggestions to help establish an infrastructure for sustainable transformation and address the immediate and deep-rooted needs of divided societies. Peacebuilding faces systemic issues of how to deal with the

This book explores how competing worldviews impact on intergroup relations and building a sustainable peace in culturally diverse societies. It raises the question of what happens in a culturally diverse society when competing values and ways of interpreting reality collide and what this means for peace-building and the goal of reconciliation.
