Molecular

Top selling two-year Technical

Physics text.

Emphasizes

problem-solving

rather than theory.

Online Library

Chapter 11

Review

The guide includes chapter introductions that highlight new material, chapter outlines, detailed comments for each chapter section, a glossary, and solutions to the end-of-chapter problems, presented in a way

Online Library

Chapter 11

that shows students how to reason their way to the answer.

Gases Mixed

A comprehensive text written to reinforce and enhance students' understanding in the subject. Notes are presented in the form of diagrams, charts,

Online Library

Chapter 11

tables and photos to cultivate students' interest in learning and to stimulate their creativity. Includes conceptual maps and exam questions.

Fundamentals of Molecular Structural Biology reviews the

Online Library

Chapter 11

mathematical and
physical

foundations of
molecular

structural biology.

Based on these
fundamental

concepts, it then
describes

molecular structure
and explains basic

genetic

mechanisms. Given
the increasingly

Online Library

Chapter 11

interdisciplinary nature of research, early career researchers and those shifting into an adjacent field often require a "fundamentals" book to get them up-to-speed on the foundations of a particular field. This book fills that niche. Provides a

Online Library

Chapter 11

current and easily digestible resource on molecular structural biology, discussing both foundations and the latest advances. Addresses critical issues surrounding macromolecular structures, such as structure-based drug discovery, single-particle

Online Library

Chapter 11

analysis,
computational
molecular
biology/molecular
dynamic
simulation, cell
signaling and
immune response,
macromolecular
assemblies, and
systems biology
Presents
discussions that
ultimately lead the

Online Library

Chapter 11

reader toward a more detailed understanding of the basis and origin of disease

This text reports on patterns of consumption of non-branded alcohol in seven countries: Brazil, India, Mexico, Russia, Tanzania,

Online Library

Chapter 11

Zambia and Zimbabwe. Using local consultants, investigators interviewed families in each country, in both rural and urban areas, on the subject of their drinking habits over a thirty-day period giving specific attention

Online Library

Chapter 11

to their religious, educational and socio-economic status. Experts in the fields of toxicology, economics, and anthropology as well as representatives of the beverage industry give commentary on the common themes

Online Library

Chapter 11

emerging from the
collected data.
