Hence the term rope rescue. This manual is designed to introduce the rescue squad driver to the basic philosophies and techniques of rope rescue. It is by no means a comprehensive rope rescue manual, and should not be regarded as one. It is geared toward someone with a basic knowledge of ropes and rigging equipment.

Ensures that all rope systems have been safety checked by the Technical Safety Officer and Rigging Team Leader prior to operation. The RGL is the only person at a rope rescue incident who can initiate motion of the rope system or restart the rope system if stopped or re-set. (The RGL may delegate this function to the Entry Team Leader.)
