Becoming an Accountant is an engaging, easy to use guide for anyone considering entering accountancy as well as current accountants, informing them how accountants train, where they work and what work they undertake.

Are you doing all you can to further your career as a software developer? With today's rapidly changing and ever-expanding technologies, being successful requires more than technical expertise. To grow professionally, you also need soft skills and effective learning techniques. Honing those skills is what this book is all about. Authors Dave Hoover and Adewale Oshineye have cataloged dozens of behavior patterns to help you perfect essential aspects of your craft. Compiled from years of research, many interviews, and feedback from O'Reilly's online forum, these patterns address difficult situations that programmers, administrators, and DBAs face every day. And it's not just about financial success. Apprenticeship Patterns also approaches software development as a means to personal fulfillment. Discover how this book can help you make the best of both your life and your career. Solutions to some common obstacles that this book explores in-depth include: Burned out at work? "Nurture Your Passion" by finding a pet project to rediscover the joy of problem solving. Feeling overwhelmed by new information? Re-explore familiar territory by building something you've built before, then use "Retreat into Competence" to move forward again. Stuck in your learning? Seek a team of experienced and talented developers with whom you can "Be the Worst" for a while. "Brilliant stuff! Reading this book was like being in a time machine that pulled me back to those key learning moments in my career as a professional software developer and, instead of having to learn best practices the hard way, I had a guru sitting on my shoulder guiding me every step towards master craftsmanship. I'll certainly be recommending this book to clients. I wish I had this book 14 years ago!" -Russ Miles, CEO, OpenCredo

For anyone in the finance profession who feels they are not developing the critical skills to influence others and that their efforts are not getting recognized, The Audacious Finance Partner shows the quickest way to get tangible results for you and your organizations. Discover how to get to the right insights that deliver the most value; become a trusted advisor to the business and apply commercial teaching principles to combine influence with impact. These are areas not traditionally taught in finance courses or business schools; even though they are the skills employers and the next generation of leaders are calling out for. This book follows our main character who frustrated with his lack of success using traditional keeping-the-score approaches decides to push himself outside his comfort zone. He seeks out mentors who have found better and faster ways to develop the critical skills to influence and impact their organizations. Typical coaching and mentoring of these skills is time consuming and expensive, so the book's chapters have been organized as a dialogue between mentor and mentee. This means you get the accelerated experience and value from being immersed in real-to-life conversations that have been concisely distilled from other successful finance partners of large, medium and small organizations covering most major industries across the globe. The Audacious Finance Partner is useful for those who have entered or work in today's Finance world, from newly qualified accountants, graduates, MBAs to more seasoned finance managers and directors. Groups on the outside looking in: consultants, executives & others in leadership roles seeking to better understand finance business partnering can also expect to benefit. This book provides a solid platform to add value and translate valued insights for influence and impact. There are also further support materials and reference guides at the partner website [www.afpsuccess.com](#). No longer feel disillusioned with the traditional keeping- the-score approaches to finance and accounting, instead learn a more meaningful way to make a difference, enjoy stimulating work and a successful career.

You Don't Need to Make Millions to Get Rich. Believe Me. This comprehensive 8-step guide provides the blueprint to achieve financial freedom at a young age, regardless of income. No B.S., just answers. In Get Rich Action Plan, you will learn the lifelong habits to become financially independent sooner than you thought possible. Do we really need another personal finance book? YES. The outdated status quo advice of "Save 10% for 40+ years" simply doesn't work. It's time to rethink the conventional wisdom that only serves to continue the vicious cycle of wage slavery and the "live to work" mentality. In an age of globalization and abundance, I'm here to tell you there is another way! It is time to change how we think about personal finance, budgeting, and investing. The 8 steps in this book each work in unison to create a rapid snowball effect that will make your money work for you immediately, so you can afford time off of work or even retire in your 30's. From saving money to investing to growing your income, all of the specifics are covered in this action plan. Get Started on the Right Foot and Change How You Think About Finances I have never made much money by Western standards. In fact, I have never made more than a middle class income. But by employing these strategies, I was able to increase my net worth dramatically at a very young age. It took only 6 years of full-time employment to build an "FU money" fund of hundreds of thousands of dollars, providing me the freedom to travel and take time off of work to pursue other interests. I was able to do this by quickly taking action and ignoring conventional advice. After years of trial and error, I have developed a strategy and philosophy that simply works. And I want to share with you everything I have done to build this large nest egg. I have nothing to hide. The truth is that the path to wealth is not complicated, and you do not need to make millions to get there. More and more of us are realizing that financial freedom is possible in 10 years or less. But the media will never tell you this. Your politicians will never tell you this. They want you to live to work instead of work to live. Now is the time to flip the script and live free! The Time To Take Action Was Yesterday. The Next Best Time is Now. Whether you are in your 20's and looking for sound advice to get started, or you're later in your career and haven't really thought about financial freedom, it's not too late to start! Once you put these systems in place, financial independence will no longer be a lifelong battle. Ditch the 40-year plan and live the life you want to live. Get started today! BONUS MATERIAL INCLUDED I'm also excited to share FREE bonus material that highlights "27 Ways I Slashed My Budget By \$1818 Per Month." A link to the free PDF is included in the book! Adhering to the strategies in this book and in the free bonus guide will grow your net worth by thousands in the first year and hundreds of thousands over your lifetime! What are you waiting for? Click the "Buy Now" button above and get started today!
