This is a book about the the fun, quirky, unusual and lovable G-Wiz. Love it or loath it, the G-Wiz is a revolutionary vehicle. It runs on electricity and not fossil fuels. It emits no pollution and travels in silence. In short, it's a car that rewrites the rule book. This book is for anyone who is interested in owning a G-Wiz. If you want to know what these cars are like to own, use and live with on a day to day basis, this book will put you in the picture.

Few people come into logistics management with knowledge and experience of all aspects of the profession. Some may have worked their way up from driving a vehicle but know little of warehouses, others may find themselves taking responsibility for logistics as part of a wider remit such as operations. A Practical Guide to Logistics aims to equip them with the necessary knowledge to move on to the next stage, with simple non-technical explanations of the options available, and impartial advice on how to choose the right option for their business. It is also an excellent primer for students studying logistics for the first time, on BSc or MSc courses, as well as practitioners on professional training courses. A Practical Guide to Logistics is a straightforward guide taking readers through all aspects of this fascinating industry, covering packaging, transportation, warehousing and exporting and importing of goods. There is a real need for this basic knowledge, both for practitioners starting out in the industry or more experienced practitioners who may have gaps in their knowledge. The book examines each aspect of logistics in turn and the text is supported by numerous illustrations.

If you want to learn how to buy, drive, and maintain a recreational vehicle to travel and live the RV lifestyle, then check out HowExpert Guide to RV Life. HowExpert Guide to RV Life is a book for folks who don't know much about RVs but feel they need to learn more about them. It covers topics such as: – What is an RV and how it can be used. – Different types and classes of RVs from the smallest trailer RVs up to the largest motorhomes. – Necessary terms and their definitions which RVers need to know. – What makes an RV different or similar to a regular house. – What homework and knowledge are needed to get the best RV for anyone. – Points for each type of RV. – How to find the best dinghy for folks with motorhomes. – What might be a way to try before you buy an RV. – What can be learned by going to an RV show. – What type of motorhome will be the quietest and best riding one. – What are the roomiest RVs. – What are the least expensive RVs. – Different ideas on where to travel once the RV is purchased. – The difference between a “shake-down cruise” and a “maiden voyage.” – Construction of RVs. – What RV appliances are like, and which ones to watch out for. – What “full hookup” means at campsites. First-hand experiences and suggestions are given throughout the book, which can help the person looking for more information on RVs or the RV newbie with the beginning of their RV experience. Check out HowExpert Guide to RV Life to learn how to buy, drive, and maintain a recreational vehicle to travel and live the RV lifestyle! About the Author Charley Dickson is a former Oregonian who now lives full-time in a 38' Class A motorhome in various places around the country. In his 30+ years of RVing, he and his wife have traveled in a pop-up trailer, a 30' travel trailer, a 29' Class C motorhome, a 40' 5th wheel trailer, and two Class A motorhomes. He's been to most of the country, but there are still many places he and his wife will be seeing. He's a firm believer in being more of a do-it-yourselfer rather than having someone else do a repair or modification. As such, he's a staunch supporter of doing the homework to find out as many aspects of a certain subject as possible. As such, this book is written for other folks who want to know more about RVing. HowExpert publishes how to guides by everyday experts.
