1888: A violinist is brutally murdered in his Edinburgh home. Fearing a national panic over a copycat Jack the Ripper, Scotland Yard send Inspector Ian Frey. Frey reports to Detective "Nine-Nails" McGray, local legend and exact opposite of the foppish English Inspector. McGray's tragic past has driven him to superstition, but even Frey must admit that this case seems beyond belief. There was no way in or out of the locked music studio. And there are black magic symbols on the floor. The dead man's maid swears there were three musicians playing before the murder. And the suspects all talk of a cursed violin once played by the Devil himself. Inspector Frey has always been a man of reason—but the longer this investigation goes on, the more his grasp on reason seems to be slipping...

Newbery Medal winner Kelly Barnhill spins a wondrously different kind of fairy-tale: In most fairy tales, princesses are beautiful, dragons are terrifying, and stories are harmless. But this isn't most fairy tales... Princess Violet is plain, reckless, and quite possibly too clever for her own good. Particularly when it comes to telling stories. One day she and her best friend, Demetrius, stumble upon a hidden room and find a peculiar book. A forbidden book. It tells a story of an evil being, called the Nybbas, imprisoned in their world. The story cannot be true—not really. But then the whispers start. Violet and Demetrius, along with an ancient, scarred dragon—the last dragon in existence, in fact—may hold the key to the Nybbas's triumph or its demise. It all depends on how they tell the story. After all, stories make their own rules. Iron Hearted Violet is a story about the power of stories, our belief in them, and how one enchanted tale changed the course of an entire kingdom.
