The fifth edition of this seminal textbook by best-selling author Andrew Heywood continues to lead the way in providing a comprehensive and authoritative introduction to politics. Renowned for its engaging and accessible style, this book helps students to understand the discipline's foundational concepts and theories and use these to make sense of its key subfields, from elections and voting to security and global governance. Systematically revised and updated throughout, it also uses a range of tried-and-tested pedagogical features to draw links between different standpoints and help make contemporary institutions, events and developments come to life. Drawing on a wide range of international examples, this text is the ideal choice for lecturers around the world. Carefully designed and written to map onto the way the subject is introduced at degree level, it remains the go-to text for undergraduate introductory and comparative politics courses. Furthermore, it can also be used as pre-course reading or as a point of reference throughout politics degrees, majors or minors. New to this Edition: - Restructured and revised to reflect the decline of democracy and the rise of populism and authoritarianism in different parts of the world - New Politics in Action features reflect the latest political developments □ including 'Trump's triumph: politics as polarization'; 'South Africa: a one-party state?'; and 'North Korea: a rogue nuclear power?' - Discusses the transformation of the media landscape, assessing the advent and impact of social media and 'fake news' - New and improved text design reflecting the book's contemporary and engaging coverage - Accompanied by a brand new website, featuring a flashcard glossary, additional cases, interactive simulations and weblinks for students, PowerPoint slides for lecturers, a testbank and a guide to using the book.

Now in its fourth edition, this hugely popular textbook has established itself as the number one introduction to Politics for students around the world. Systematically revised and updated, the book continues to offer a clear and comprehensive guide to the most important conceptual and theoretical issues in the study of Politics. Paying particular attention to the interdependence of domestic and world events in present day politics, this latest edition is once again the ideal text to recommend to students undertaking introductory modules across Politics and International Relations programmes. With numerous features such as case studies, controversies, key thinkers and concept boxes, it helps students of all levels develop their critical awareness as well as their own views.

This revised, updated, and considerably expanded new edition provides a systematic introduction to the theory and practice of contemporary international relations. Including pedagogical features highlighting key thinkers and concepts, this text clarifies the fundamental debates and issues at stake in global political affairs.

The fourth edition of this highly successful and accessible text has been substantially revised and updated and includes extra coverage throughout on non-western approaches and international political theory.

In this extensively revised new edition of Global Politics, internationally renowned author Andrew Heywood provides a systematic and integrated analysis of the theory and practice of contemporary international relations. This edition is fully updated to cover key developments, from the Arab Spring to the global financial crisis, and provides enhanced coverage of current issues like international migration. An entirely new chapter on the importance and impact of theory at the end of the book revisits key perspectives, and addresses deeper questions about the nature and purpose of theory in global politics. Written with outstanding clarity and drawing on an exceptionally wide range of theoretical perspectives throughout, each chapter is packed with innovative features to aid study and reinforce learning. To complement this textbook, there is a companion website with resources for both lecturers and students. Exam questions, PowerPoint slides, online-only case-studies, self-test questions, and more, can be found at <https://he.palgrave.com/companion/Heywood-Global-Politics/>

Political Ideologies provides a broad-ranging introduction to both the classical and contemporary political ideologies. Adopting a global outlook, it introduces readers to ideologies' increasingly global reach and the different national versions of these ideologies. Importantly, ideologies arepresented as frameworks of interpretation and political commitment, encouraging readers to evaluate how ideologies work in practice, the problematic links between ideas and political action, and the impact of ideologies. Regular learning features encourage readers to think critically about ideologies, and view them as competing and contestable ways of interpreting the world. A unique "stop and think" feature calls for readers to reflect on their own ideological beliefs.Online Resources:Political Ideologies is accompanied by comprehensive online resources, to support political ideology courses.For students: \* Further reading and resources for each chapter to help students to undertake further research and deepen their understanding and critical thinking:\* Regular updates help students to keep up to date with ideologies as frameworks of understanding and political action in the real world.For lecturers:\* Indicative answers to questions in the book provide a framework for approaching these;\* Powerpoint slides to support each chapter, providing an overview and key points to help with planning;\* Further discussion and debate ideas, for use in seminars, encourage big picture thinking about the relationships between ideologies.

This accessible guide to the major concepts in politics has now been revised and expanded to include over 60 international relations terms to take account of the increasing influence of globalization upon politics. Each concept is defined clearly and fully, and its significance for political understanding is explored.

The new third edition of the highly successful text has been revised and updated throughout to take account of new issues such as identity and difference, globalization and multiculturalism. The book provides a clear and accessible introduction to political theory and key concepts in political analysis. Each chapter discusses a cluster of interrelated terms, examines how they have been used by different thinkers and in the various political traditions, and explores related debates and controversies.

This accessible guide to the key concepts in politics now features over 60 additional international relations entries to take account of the increasing influence of globalization upon politics. Each term is fully and clearly defined and its significance for political understanding and debate is explored.

This informative and widely-used text is now available in a third edition. Building on the success of previous editions, it continues to provide a clear and accessible introduction to the complexities of political ideologies. The latest edition of Political Ideologies: introduces and considers the future of all the most widely studied ideologies: liberalism; conservatism; socialism; democracy; nationalism; fascism; ecologism and feminism sets each ideology clearly within its historical and political context includes a new final chapter that examines the impact of recent theoretical developments of ideologies and charts the challenges that they face in the twenty-first century has been fully revised and up-dated and provides an annotated guide for further reading.
