Five years and more than 100,000 copies after it was first published, it's hard to imagine anyone working in Web design who hasn't read Steve Krug's "instant classic" on Web usability, but people are still discovering it every day. In this second edition, Steve adds three new chapters in the same style as the original: wry and entertaining, yet loaded with insights and practical advice for novice and veteran alike. Don't be surprised if it completely changes the way you think about Web design. Three New Chapters! executive design whims "I thought usability was the enemy of design until I read the first edition of this book. Don't Make Me Think! showed me how to put myself in the position of the person who uses my site. After reading it over a couple of hours and putting its ideas to work for the past five years, I can say it has done more to improve my abilities as a Web designer than any other book. In this second edition, Steve Krug adds essential ammunition for those whose bosses, clients, stakeholders, and marketing managers insist on doing the wrong thing. If you design, write, program, own, or manage Web sites, you must read this book." -- Jeffrey Zeldman, author of Designing with Web Standards

In Publisher's Weekly April 23, 2001 issue, the industry magazine spotlighted the LGBT book scene in 2001. In his article prefacing a list of nearly 200 selected Gay and Lesbian titles, Charles Hix stated: "Significantly, the number of books dealing primarily with AIDS is down compared to 2000...AIDS is now more likely to be treated as an incidental fact, not a focus." Indeed, scanning the titles and descriptions of the books listed in the article, I counted only eight titles that spoke of AIDS specifically. There appears to be little interest anymore in the personal stories of those lost. Indeed, it takes the stature of an Edmund White to even interest a major publisher in another

collection of cenotaphs. What then do we make of Barbara Rose Brooker's brave little book recounting the stories of friends and acquaintances long dead from AIDS? The book's title comes from a conversation Brooker had with former Marlboro Man and later AIDS model, Christian Haren. Brooker, a struggling novelist with two young daughters had been a reluctant but loving witness to her next door neighbor's early agonizing victimization and discrimination preceding his death from the virus and its complications. In an effort to fulfill a promise to her friend, Brooker sets about taping interviews with AIDS patients in a half-hearted attempt to document their stories. Christian Haren was her first interviewee. Galvanized by anger and illness, co-opted by the nascent AIDS response movement as a poster child, Haren is in a unique position to usher

Brooker to the Castro and San Francisco General Hospital's earliest AIDS ward in the rapidly blackening early days of the pandemic. Constantly, Haren pushes her to listen, to record, to write. Alternately cajoling and hectoring, the dying Haren manages to inspire the straight, Jewish, liberal Brooker to undertake a project which was to haunt her for the following fifteen years. The product of that haunting, some twenty-nine chapters profiling men and women, gay and straight in the grips of a time and a disease, is really as much a portrait of middle class America's dawning awareness of and helpless witness to the pandemic as it is of the dying's. The dying themselves are vibrantly recalled in Brooker's tender, elegaic chronicalling, but it is the portrait of Brooker herself that is most compelling. Her journey from sympathetic bystander to paralyzed witness to stoic promise-

keeper is a genuine document of a time and a place that seems, unfortunately, to have an expired shelf-life. That is the pity and the promise of this fine little book. Pity that it might easily go unread and ignored for now, but it promises to be a classic for the times to come. I have written before that history is most intimately experienced by small people in small places. We are lucky to have this small history now and waiting again in a huge unknown future. -by Jay Quinn
Lambda Book Report July/August 2001

The knock at the front door brought with it an unexpected change in their lives. Alex and Emily lived from payday to payday but they had always relied on God to see them through the hard times. What happened over the next few days was a huge blessing from God. But Emily felt there would be a price to pay. Now that

they were financially sound they had to decide to move in order to receive her inheritance. The next few years brought changes in their lives that brought both sorrow at times and also joy. Through it all she could always hold on to Alex's words, 'God doesn't make mistakes.'

God so desires that we know and love Him. His desire has always been and will always be that we know and recognize and walk with Him in every day life, practically engaging with Him and enjoying life supernaturally natural. As we grow to know our heavenly Father this way, communicating and communing with Him the same way that Jesus did, our lives take on new meaning, and that is, to know and understand many of the things we did not understand about our Father or ourselves before. When God Doesn't Make Sense provides a look into God's heart

from a practical point of view, and in seeing His heart and knowing it for us, we begin to see without condemnation what is in our hearts. As we see ourselves the way God does, obstacles are moved from our paths and we are made emotionally stable and strong through our intimacy with Him.

Forgiveness Is Always Difficult and Often Illogical. But It's the Only Remedy God Offers to Heal Our Hearts. With the experience of more than two decades in the ministry, Dr. Robert Jeffress has come to the conclusion that forgiveness is the bottom-line issue of life. Failure to receive God's forgiveness results in eternal hell; failure to grant forgiveness to those who have hurt us results in a living hell. While most people - especially Christians - esteem the concept of forgiveness in theory, few have mastered what one person has called "the art of forgiveness."

As C.S. Lewis once said, "Forgiveness is a beautiful word, until you have something to forgive." When Forgiveness Doesn't Make Sense is an intensely biblical yet extremely practical approach to this crucial issue. Dr. Jeffress deals with the major misunderstandings about forgiveness: believing you cannot forgive those who never ask for it, confusing forgiveness with forgetting or with reconciliation, and believing that forgiveness automatically erases the consequences of harmful actions. Dr. Jeffress explains the process of our forgiveness by God, as well as the power of our forgiveness of others. Readers will also learn questions to ask themselves before they seek forgiveness from another, essentials of an effective apology, reasons others may refuse to forgive them, action steps for dealing with painful memories, a check-list to determine whether they have

genuinely forgiven another, and much more. Forgiveness is difficult and often illogical. But *When Forgiveness Doesn't Make Sense* will equip and encourage readers to become more forgiving-and to experience God's forgiveness more deeply. At some time in our lives we will be hurt deeply by another person. It may be a family member who mistreats us, a business associate who cheats us, a child who rebels against us, a friend who betrays us, a mate who deserts us, or a God who disappoints us. While we can't control the hurts that come into our lives, we can choose what to do with those hurts. We can let them make us bitter, or we can release them through forgiveness. While forgiveness doesn't always seem to make sense, as Dr. Robert Jeffress explains in his important new book, it is the only way God has given us to effectively resolve the pain of our past. More importantly, it's the

People do what they were taught, whether it works or not. Jobs, relationships, money, and health are all a reflection of learned behaviors. Most people follow the path that was laid out before them. But what if that path leads to heartache, hopelessness or pure hell. What happens when the “right thing to do” no longer works? It’s time to paint a prettier picture. This book is simply about deciding to take action. Planning a better life or a successful business is no different than an artist creating a new work of art. You decide how you want it to look. Follow the outline and before you know it, you have created a masterpiece in both your life and business. The key is to get started. There is no substitute for action. Stepping outside of your comfort zone is scary and not for the faint of heart. It is always shaky

It Just Doesn't Make Sense, by Michael Haynes, 2009 Healing in the aftermath of a great loss is not easy. When the love of my life was lost to a brain tumor, grief recovery became unimaginable. Through the process of writing, I am helping myself to heal and documenting information that may help others. This book records the events and feelings we experienced during the three months and two weeks from diagnosis to the death of my wife. The role of doctors, friends, family, and pastors is presented, along with the tools and techniques that helped us to traverse this "valley of the shadow of death." If you do not share our Christian faith, the tools,

Coronavirus is affecting everything. As schools close, women who have never considered home-schooling are being thrust into educating their children. Whether this is a short-term necessity or a long-term commitment makes no difference to the day-to-day reality of children at home. The irritations fears and difficulties of the task often seem overwhelming. Former home-schooling Mum, Wendy Hamilton, is here to lend a hand. Wendy successfully home-schooled her four children from Kindergarten through to College. In her book 'Eating a Light Bulb Does Not Make You Bright,' Wendy shares her journey. Through hilarious stories, Wendy addresses common issues faced by women trying to educate their offspring and shows how to get the job done easily.
