Gullibility, whether we like it or not, is a fundamental characteristic of human beings. In *The Social Psychology of Gullibility*, Forgas and Baumeister explore what we know about the causes, functions, and consequences of gullibility, and the social psychological processes that promote or inhibit it. With contributions from leading international researchers, the book reveals what social and cognitive psychology contribute to our understanding of how human judgments and decisions can be distorted and undermined. The chapters discuss the nature and functions of gullibility, the role of cognitive processes in gullibility, and social and cultural aspects of gullibility. Underpinned by a wealth of empirical research, contributors explore captivating issues such as the psychology of conspiracy theories, the role of political gullibility, gullibility in science, the role of the internet in fostering gullibility, and the failures of reasoning that contribute to human credulity. Gullibility has become a dominant topic of interest in public discourse. *The Social Psychology of Gullibility* is essential reading for researchers, social science students, professionals and practitioners and all those interested in understanding human credulity and the role of gullibility in contemporary public affairs.

Performing Truth answers the most pressing questions facing any theatre-makers who are wrestling with how to present historical, political or socioeconomic information in an engaging, entertaining, and galvanizing way. How to make data compelling and documents mobilizing? How to keep an audience interested in what might be dry, dire, or depressing? How to surprise an audience and keep them alert? Collecting together the performance texts of international performance artist and activist L.M. Bogad, this book accompanies each script with essays that further explore that work's performance strategies. It also equips readers with specific resources and pedagogical tools to help those wishing to stage these pieces or create their own work to engage with similar topics. Bogad also provides "takeaways" for each piece, illustrating the challenges of its particular subject matter and how to overcome those challenges with innovations unique to performance art. This is a key guidebook for artists and theatre-makers facing the challenges of engaging with information in an era of fake news, propaganda bots, and the polarization of ideological spheres, as well as students and teachers taking on that challenge in theatre studies, performance studies and performing arts classrooms.
