Immanuel Gabriel encounters his deceased grandfather as he attempts to investigate the end of the world, predicted by Mayan prophecy to occur in 2012, and learns dark secrets about human history.

Once again, in this follow-up to Domain, Steve Alten has ingeniously woven the mysteries of the past into a gripping and unforgettable vision of the future. Mayan legend tells of the Hero Twins, destined to confront the Lords of the Underworld and rescue their long-lost father from the

realm of darkness. Merely a two-thousand-year-old myth--or a prophecy of an apocalyptic battle for the soul of mankind? On December 21, 2012, a date long foretold by the Mayan calendar, Michael Gabriel disappeared from the face of the Earth, after saving the entire planet from thermonuclear destruction. Less than a year later, his bereaved wife gave birth to twin sons, both possessed of extraordinary mental and physical gifts. Are these at last the Hero Twins? And yet, as crucial as the twins are, they are not unique. A third child was born on the same fateful day, blessed--or cursed--with the same superhuman talent and potential. Exposed to the uglier side of existence, Liliith will travel down a darker path that leads to eon-distant Xibalba--the Mayan version of hell. An epic battle of good versus evil will begin . . . and the final fate of the human race will be revealed. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Part of the Rats trilogy, international bestseller James Herbert's Domain pits man against mutant rats, who are back with a vengeance. The long-dreaded nuclear conflict. The city torn apart, shattered, its people destroyed or mutilated beyond hope. For just a few, survival is possible only beneath the wrecked streets - if there is time to avoid the slow-descending poisonous ashes. But below, the rats, demonic offspring of their irradiated forebears, are waiting. They know that Man is weakened, become frail. Has become their prey . . .

Seven years ago, and seven miles below the surface of the Pacific Ocean, Dr. Jonas Taylor encountered something that changed the course of his life. Once a Navy deep-sea submersible pilot, now a marine paleontologist, Taylor is convinced that a remnant population of Carcharodon megalodon prehistoric sharks growing up to 70 feet long, that subsisted on whales lurks at the bottom of the Mariana Trench. When offered the opportunity to return to those crushing depths in search of the Megs, Taylor leaps at the chance... but the quest for scientific knowledge (and personal vindication) becomes a desperate fight for survival, when the most vicious predator that the earth has ever known is freed to once-again hunt the surface.

“Finding someone to finish a series after five novels from five different authors is no easy task. He’s got to be willing to find all the open roads the others have left for him. He’s got to do his homework, and quickly. And given the quality of his predecessors’ work, he’s got to be good . . . Enter Paul Kemp. Whew! Writers like this don’t come along every day.” –R.A. Salvatore The New York Times best-selling author of The Two Swords THE SPIDER QUEEN LIVES AGAIN But something is different, something her priestesses can hear in the winds, feel in their spirits, and for a select few see with their own eyes. The Demonweb Pits, removed from the Abyss to take its place among the lower planes, is more dangerous, more horrifying than anyone has ever imagined. Teeming with feral spiders bent on ripping each other to pieces—killing, eating, and killing again—the blasted landscape of Lolth’s personal hell is still forming. Quenthel Baenre, with the tattered remnants of her expedition continuing to plot against her, crosses that spider-infested killing ground in hopes of answering the call of her reborn goddess. If she can make it to Lolth’s side, can she even imagine what plans the Queen of the Demonweb Pits has had for her all along? The final novel in an epic six-part series from the fertile imaginations of R.A. Salvatore, and a select group of the newest, most exciting authors in the genre. Join them as they bring an end to a devastating war, and give birth to the greatest horror the Realms has ever known. Danifae Yauntyrr, former battle-captive of House Melarn, has come too far to stop now. She has regained her freedom after years of servitude, but has yet to exact her revenge. Though she has gained much, grown in both power and ambition, and enjoys the protection of the powerful

draegloth Jeggred Baenre, Danifae still needs to kill Halisstra Melarn. But how can she when she's followed Quenthel and Pharaun into the heart of Lolth's reformed domain, a hellish world of demonic spiders bent on eating each other, and anything else stupid enough to get in their way—including the chosen vessel of Lolth herself. While Danifae wonders how she'll ever take vengeance on a woman she left behind on the surface of Faerûn, the very target of her burning hatred is close on her heels. Halisstra has come to the Demonweb Pits with a very different agenda. In her hands she holds the fabled Crescent Blade, a sword she believes will grant her the power to kill Lolth herself—but only if they find her before she fully completes her own mysterious RESURRECTION The War of the Spider Queen comes to an end. From the Paperback edition.

Inspired by Dante's "Divine Comedy," Alten, the "New York Times"-bestselling author of "MEG," returns with an engaging thriller that draws parallels between the corruption in Europe preceding the Black Death and today's situation. Available in a tall Premium Edition.

First in the ghostly urban fantasy series by New York Times bestselling author Daniel José Older “Because I’m an inbetweener—and the only one anyone knows of at that—the dead turn to me when something is askew between them and the living. Usually, it’s something mundane like a suicide gone wrong or someone revived that shouldn’ta been.” Carlos Delacruz is one of the New York Council of the Dead’s most unusual agents—an inbetweener, partially resurrected from a death he barely recalls suffering, after a life that’s missing from his memory. He thinks he is one of a kind—until he encounters other entities walking the fine line between life and death. One inbetweener is a sorcerer. He’s summoned a horde of implike ngks capable of eliminating spirits, and they’re spreading through the city like a plague. They’ve already taken out some of NYCOD’s finest, leaving Carlos desperate to stop their master before he opens up the entrada to the Underworld—which would destroy the balance between the living and the dead. But in uncovering this man’s identity, Carlos confronts the truth of his own life—and death....

Christianity was born nearly two thousand years ago in ancient Palestine. It has shaped the course of human history. Yet historians still cannot say how it really began. How did a first-century Jew called Jesus manage to spark a new religion? It is one of the biggest and most profound of all historical mysteries. This extraordinary book finally provides a convincing answer. Traditionally, the birth of Christianity has been explained via the miracle of the Resurrection. After Jesus died he was raised from the dead by God and appeared to his disciples, telling them to spread the gospel. Once they saw the Risen Jesus, nothing could shake their belief. Within a few generations Christianity had spread throughout the Middle East and Europe; within a few centuries it had taken over much of the world. But historians have been unable to account for Christianity’s remarkable success without the Resurrection to spark it. If no one really saw the Risen Jesus, how were his followers convinced that he was their immortal Messiah? Art historian Thomas de Wesselow has spent the last seven years deducing the answer to this puzzle, and in doing so he has pieced together an entirely new picture of the birth of Christianity. Reassessing a familiar but misunderstood historical source and reinterpreting many biblical passages, de Wesselow shows that the solution has been staring us in the face for more than a century. The Shroud of Turin, widely thought to be a fake, is in fact authentic. And it holds the key to the greatest mystery in human history.

Joining a scientific team originally scheduled to travel to one of Jupiter's moons, tech genius Robert Eisenbraun is put into hibernation against his will and awakens on a hostile Earth where he must defeat a technological adversary of his own making. By the best-selling author of the MEG series. 20,000 first printing.

The first book in the classic vigilante action series from a “writer who spawned a genre” (The New York Times). Overseas, Mack Bolan was dubbed “Sgt. Mercy” for the compassion he showed the innocent. On the home front, they’re calling him the Executioner for what he’s doing to the guilty. In the jungles of Southeast Asia, American sniper Mack Bolan honed his skills. After twelve years, with ninety-five confirmed hits, he returns home to Massachusetts. But it’s not to reunite with his family, it’s to bury them—victims in a mass murder/suicide. Even though Bolan’s own father pulled the trigger, he knows the old man was no killer. He was driven to madness by Mafia thugs who have turned his idyllic hometown into a new kind of war zone. Duty calls . . . Introducing an action hero “who would make Jack Reacher think twice,” this is the first book in the iconic series of vigilante justice that has become a publishing phenomenon (Empireonline.com). With more than two hundred million Executioner books sold since its debut, the series continues to stimulate. Gerry Conway, cocreator of Marvel Comics’ The Punisher, credits the Executioner as “my inspiration . . . that’s what gave me the idea for the lone, slightly psychotic avenger.” The series is also now in development as a major motion picture. War Against the Mafia is the 1st book in the Executioner series, but you may enjoy reading the series in any order.
