SAE International is the global leader in technical learning for the mobility industry. Whether you are an engineer or business professional looking to advance your career, or an educator in search of creative and effective ways to engage students in STEM programs, we have you covered.

SAE International

The purpose of the 2014-15 Society of Automotive Engineers (SAE) Baja MQP was to design, develop, and manufacture a vehicle within the specifications of the SAE Baja Competition in order to enter a future competition. The chassis inherited from the 2013-14 SAE Baja MQP was utilized as a framework that the new designs had to integrate within.

Design and Optimization of a Baja SAE Vehicle

The SAE-300® MP multi-process engine-driven welder responds to the numerous challenges that are a fact of life in pipe welding operations. For example, the welder features Temperature Stabilization™, enabling you to "set it and forget it" by eliminating any need for adjustments based on ambient
