I discovered Nick Hornby by accident when I picked up the The Polysyllabic Spree, the first of the three collections of his book criticism originally written for the Believer magazine. He followed Spree with Housekeeping vs. the Dirt and ends (unfortunately) with Shakespeare Wrote for Money.

Shakespeare Wrote for Money: Amazon.co.uk: Hornby, Nick ...

Shakespeare Wrote For Money wasn't quite as good as Housekeeping v. The Dirt which wasn't quite as good as The Polysyllabic Spree . All collections of Nick Hornby's "Stuff I'm Reading" columns from the Believer magazine, the later ones don't have the same energy as the earlier ones, so perhaps he made the right choice in giving up the column after five years.

Shakespeare Wrote for Money by Nick Hornby

Shakespeare Wrote for Money. With an affectionate introduction by Sarah Vowell, this is the third and final collection of columns by celebrated novelist Nick Hornby from The Believer magazine. Hornby's monthly reading diary is unlike any arts column in any other publication; it discusses cultural artifacts the way they actually exist in people's lives.

The final collection from Nick Hornby's column "Stuff I've Been Reading" in the Believer magazine.

A wise and hilarious novel about love, heartbreak, and rock and roll from the bestselling author of About a Boy and A Long Way Down Now a Hulu series starring Zoë Kravitz! Rob is a pop music junkie who runs his own semi-failing record store. His girlfriend, Laura, has just left him for the guy upstairs, and Rob is both miserable and relieved. After all, could he have spent his life with someone who has a bad record collection? Rob seeks refuge in the company of the offbeat clerks at his store, who endlessly review their top five films; top five Elvis Costello songs; top five episodes of Cheers. Rob tries dating a singer, but maybe it's just that he's always wanted to sleep with someone who has a record contract. Then he sees Laura again. And Rob begins to think that life with kids, marriage, barbecues, and soft rock CDs might not be so bad.

Ending her relationship with a man who turns out to be in love with a reclusive singer, Annie initiates an e-mail friendship with the musician that reveals their mutual loneliness, his concerns about his young son and his plans to release an acoustic version of his most successful album. By the E. M. Forster-winning author of About a Boy. Reprint. 150,000 first printing.

"Lucy used to handle her adult romantic life according to the script she'd been handed. She met a guy just like herself: same age, same background, same hopes and dreams; they got married and started a family. Too bad he made her miserable. Now, two decades later, she's a nearly-divorced, forty-one-year-old schoolteacher with two school-aged sons, and there is no script anymore. So when she meets Joseph, she isn't exactly looking for love--she's more in the market for a babysitter. Joseph is twenty-two, living at home with his mother, and working several jobs, including the butcher counter where he and Lucy meet. It's not a match anyone one could have predicted. He's of a different class, a different culture, and a different generation. But sometimes it turns out that the person who can make you happiest is the one you least expect, though it can take some maneuvering to see it through"--

"[A] charming, funny, touching, and relevant comedy." --The Boston Globe "A provocative yet sweet romantic comedy." --People, Best of Fall 2020 This warm, wise, highly entertaining twenty-first century love story is about what happens when the person who makes you happiest is someone you never expected Lucy used to handle her adult romantic life according to the script she'd been handed. She met a guy just like herself: same age, same background, same hopes and dreams; they got married and started a family. Too bad he made her miserable. Now, two decades later, she's a nearly divorced, forty-one-year-old schoolteacher with two school-aged sons, and there is no script anymore. So when she meets Joseph, she isn't exactly looking for love--she's more in the market for a babysitter. Joseph is twenty-two, living at home with his mother, and working several jobs, including the butcher counter where he and Lucy meet. It's not a match anyone one could have predicted. He's of a different class, a different culture, and a different generation. But sometimes it turns out that the person who can make you happiest is the one you least expect, though it can take some maneuvering to see it through. Just Like You is a brilliantly observed, tender, but also brutally funny new novel that gets to the heart of what it means to fall surprisingly and headlong in love with the best possible person--someone you didn't see coming.

An autobiographical memoir by a humorous British author and obsessed soccer fan captures the intensity of a sports fan who measures his life in seasons rather than years

A brilliant novel from the bestselling author of High Fidelity, About a Boy, and A Long Way Down. Set in 1960's London, Funny Girl is a lively account of the adventures of the intrepid young Sophie Straw as she navigates her transformation from provincial ing\u00e9nue to television starlet amid a constellation of delightful characters. Insightful and humorous, Nick Hornby's latest does what he does best: endears us to a cast of characters who are funny if flawed, and forces us to examine ourselves in the process.

"How often do you begin reading a book that makes you--immediately, urgently, desperately--want to read more books?" (Booklist). Nick Hornby has managed to write just such a book in this hilarious, insightful, and infectious volume. Ten Years in the Tub chronicles Hornby's journey through a decade's worth of books, as related in his wildly popular Believer column "Stuff I've Been Reading." Ten Years in the Tub is a one-way ticket into the mind of one of the most beloved contemporary writers on his favorite pastime, but it's also a meditation on what Celine Dion can teach us about ourselves, a warning about how John Updike can ruin our sex lives, and a recommendation for the way Body Shop Vanilla Shower Gel can add excitement to our days. This "decade-long addiction for many... makes standing in line at the bank a blessed interval for snorting another page." (the New York Times Book Review)

Will trades his lack of enthusiasm toward children for a date with a truly beautiful woman and single mother in a comic, incisive novel about modern romance, by the author of the international best-seller High Fidelity. Reprint.

Katie, a liberal, urban mother and doctor from North London, finds her life turned upside-down when her husband, David, undergoes an outrageous spiritual transformation.
